## Supporters

# 2018 Missouri MotherBaby Summit: *Gaining Momentum* Thursday, September 6, 2018

Learn from other Missouri hospitals about their efforts to implement evidence-based practices and network with other maternity care leaders.

## Outcomes

1. Participants will be able to identify practice changes they can make in their facility to improve newborn feeding practice.
2. Participants will report increased understanding of the Centers for Disease Control and Prevention (CDC) mPINC survey.
3. Missouri will increase Perinatal Core Measure averages for exclusive breast milk feeding in the hospital and increase CDC mPINC survey scores to the national average.
